

Quality Certificate

This is to certify that all replacement glazing produced by XYG and bearing the XYG logo is manufactured to the same specifications and production standards as Original Equipment used for vehicles.

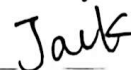

Therefore, this replacement glazing — being of equivalent quality to OE parts — qualifies as Original Spare Parts.

Our system certification and products are regularly pre-inspected by authorized institutes at our premises.

Yours Sincerely

Jack

Sales Director

XINYI AUTOMOBILE GLASS (SHENZHEN) CO.LTD
