

XINYI GLASS

28th, Oct, 2025

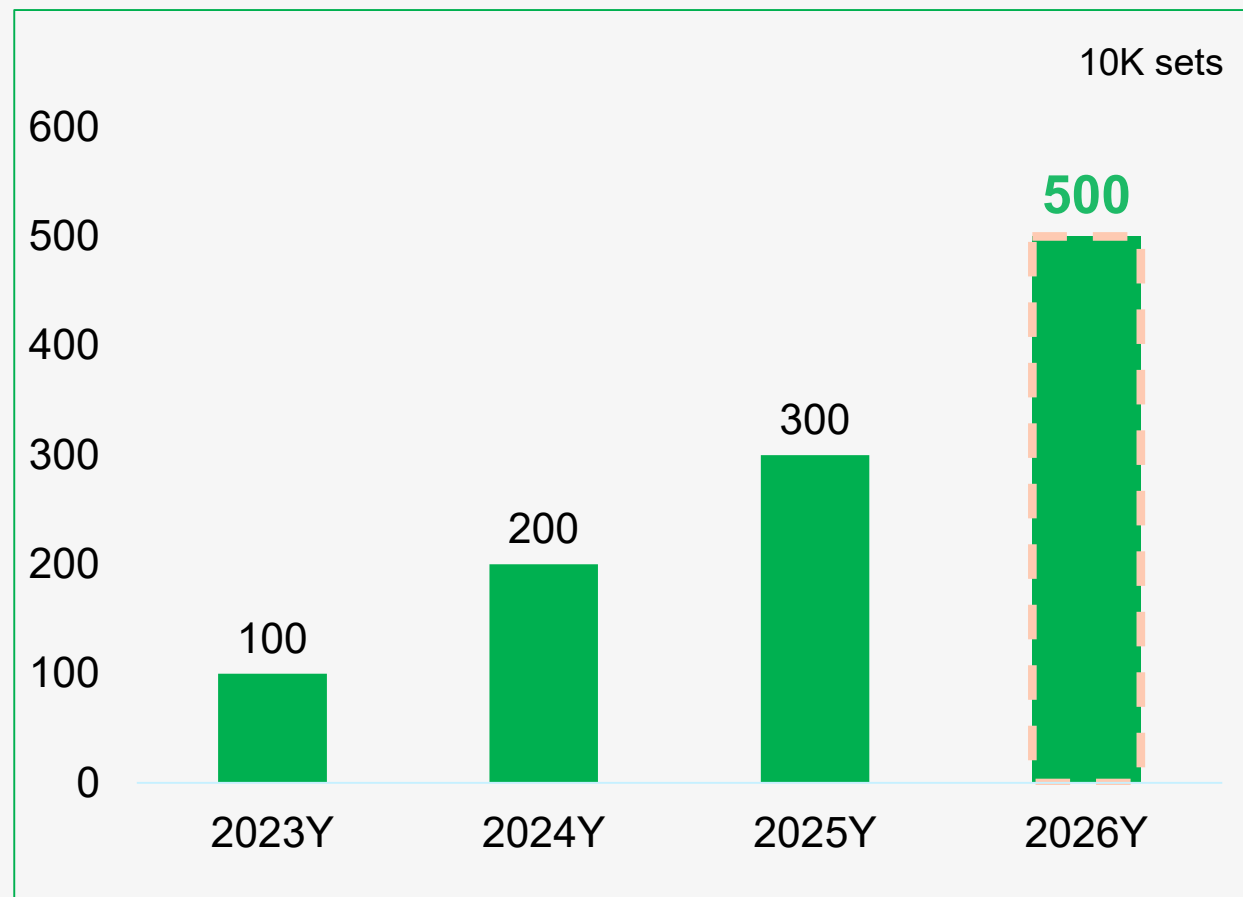

Xinyi's production capacity for OEM

China's automotive industry has experienced a decade high-speed development.

To support our key OEM partners, Xinyi Group has made significant investments in the automotive glass sector over the past three years.

This expansion brings our annual production capacity for passenger vehicles to 5 million sets in 2026.

中国汽车工业经历了十年的高速发展，为满足和支持汽车主机厂的持续发展，信義集团连续3年大力投资汽玻配套产业，新增设备和产能后，2026年可满足乘用车300万台套产能需求。

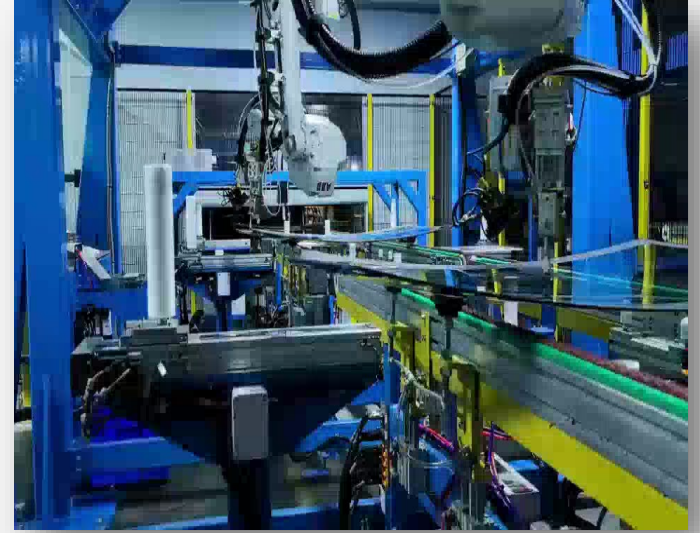

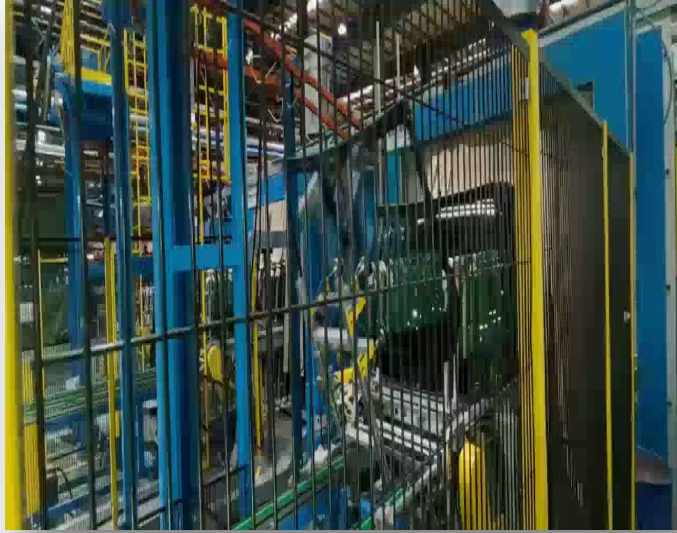

Core Process Intelligent Manufacturing Blueprint

核心工艺智造蓝图

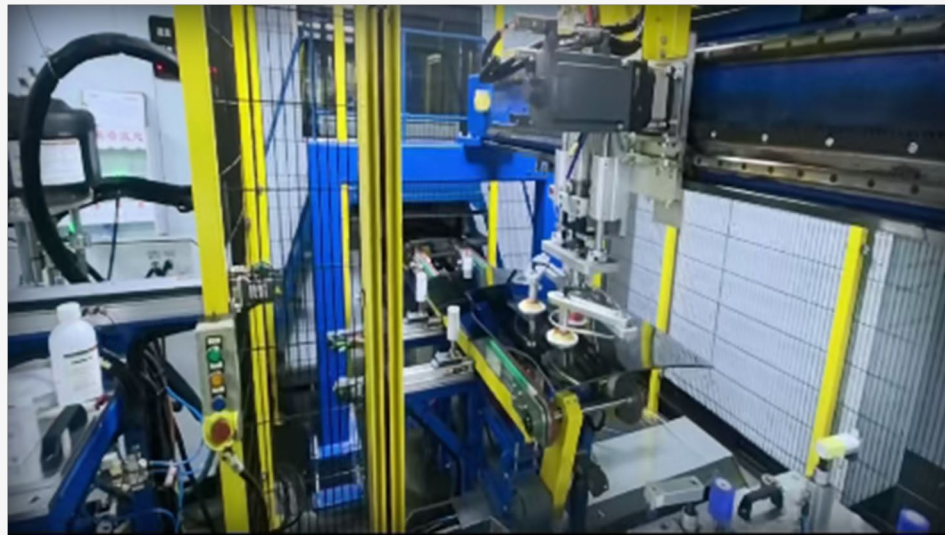

1、Automated Laminated Glass Production Line 夹层玻璃全自动生产线

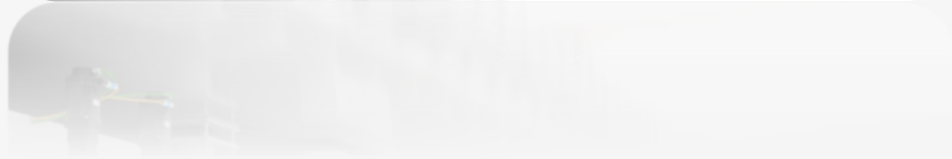

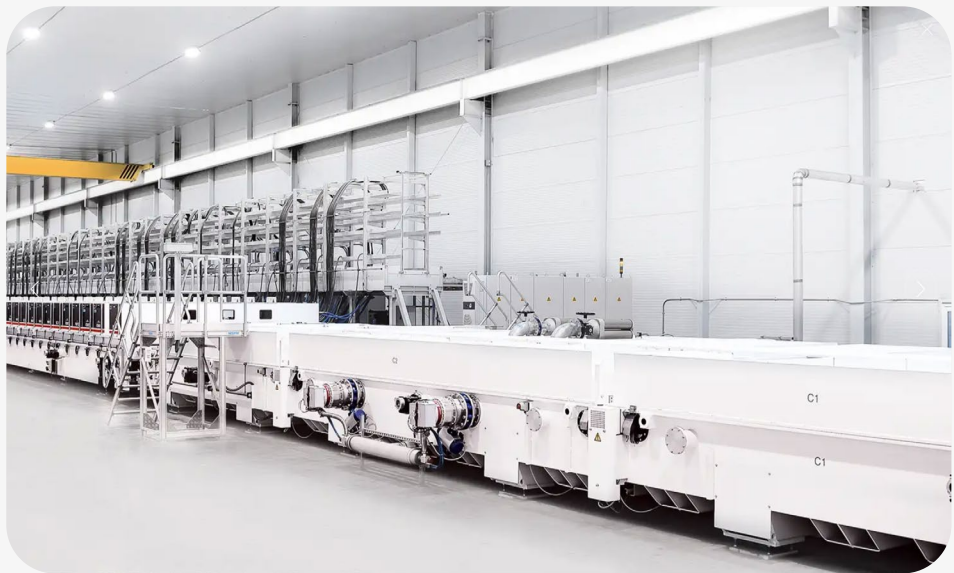

2、Automated Door Glass Production Line 门窗玻璃全自动生产线

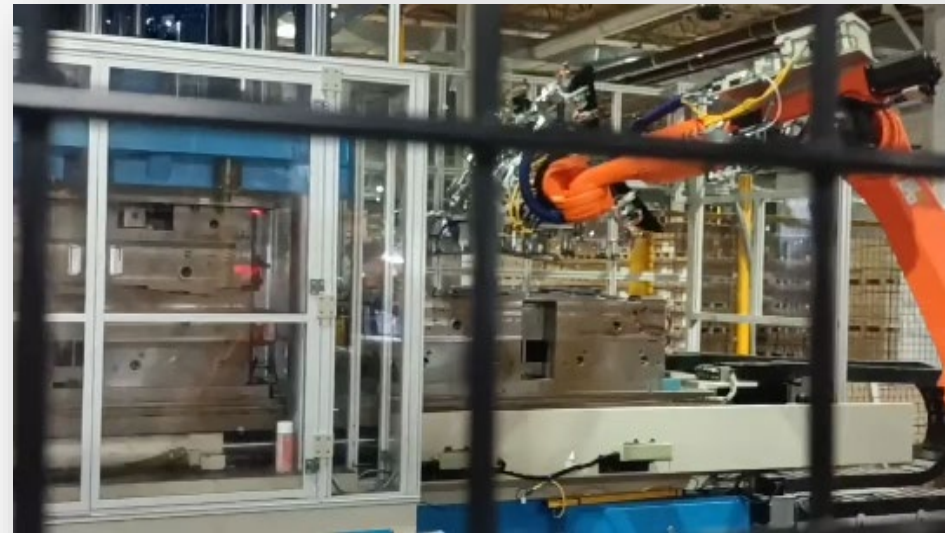

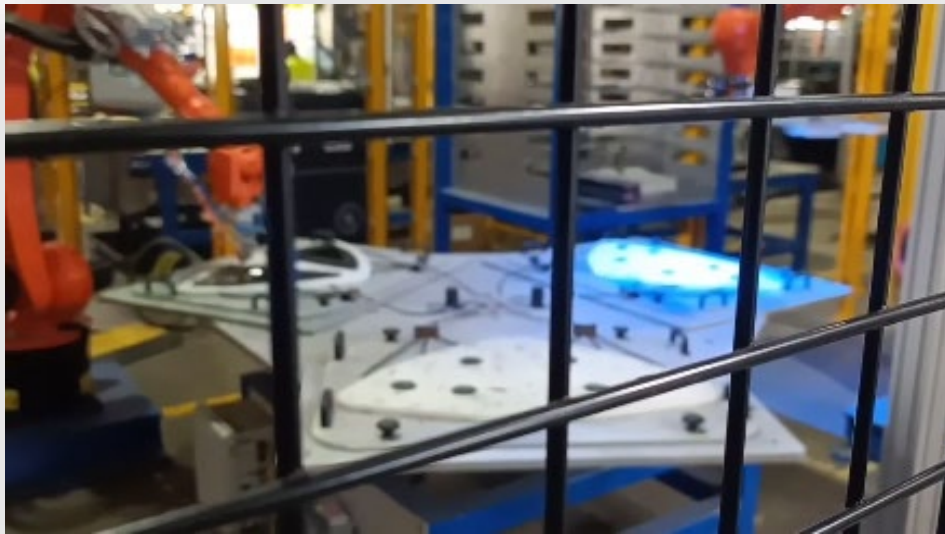

3、Automated Coated Glass Production Line AG2/AG3) 镀膜玻璃全自动生产线

4、Multi functional corner window injection molding production line 多功能角窗注塑生产线

Innovation Product Layout

趋势创新产品布局

1、Leading the trend, innovative automotive glass has emerged as The Times require 引领趋势，创新汽车玻璃顺势而生
